

# Forever Friends MEMORIAL POLES

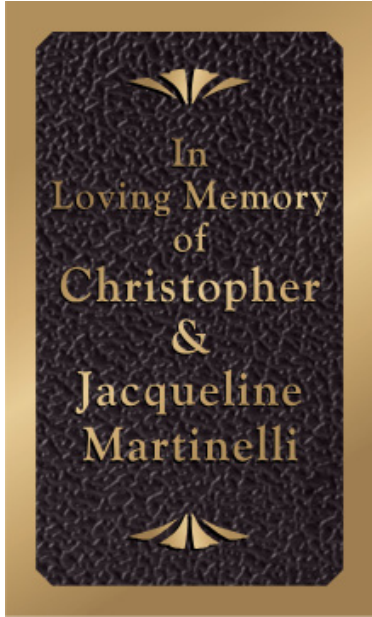

The “Forever Friends” Memorial Poles will be located in a beautiful and serene outdoor setting, near a bench, where you may sit and reflect upon special memories of your loved one.

These attractive 4x4” poles are made from sustainable cypress wood, milled and capped for protection. These limited poles will sit in open groups of three adorning areas of Nature’s Accessible Backyard Trail garden, which is located near the Visitor Center at Five Rivers. Tiered in height to be more aesthetically pleasing, the words “In Memoriam” will be burned vertically in script on one side. Near the top on all four sides, 3x5” heavy cast bronze plaques with a dark brown leatherette textured background will be securely fastened (sample to the left). Your loved one’s name will be highlighted in raised lettering on a plaque (one plaque per side, four plaques per pole).

A special gathering at Five Rivers will be held annually for families who have memorialized their loved one. There will also be a memorial listing on the Friends of Five Rivers website.

Please complete the form and mail in with your \$1,000 contribution to secure a plaque on the “Forever Friends” Memorial Poles.
